

A

ABOUT / di

Welcome to Lusso Luxury Living.

We're passionate about creating spaces that inspire people to live a more beautiful and happy life at home. Everything we do, from kitchens to wardrobes, vanities to bookcases, is built around our clients. Their needs and lifestyle, their taste and, of course, their budget. And we pride ourselves on bringing our clients' visions to life through exceptional Italian design, careful craftsmanship and meticulous attention to detail in every piece we make.

T

TEAM / squadra

Lusso Luxury Living is owned and run by husband-and-wife team, Dom and Robyn Curko.

Dom simply loves design and innovation. His keen eye for quality and detail have led us to partner with the best suppliers in the industry and deliver exceptional joinery to many fine Cape Town homes over the last 15 years. Robyn is well respected for her exceptional customer service and dedication to her clients. Her team ensures our clients' needs are understood and translated to action on each Lusso project.

W

WHY? / perché

At Lusso, we understand that every home is as unique as the people who live in it. Home is a deeply personal place for each and every one of us. So we make it personal. We see our relationships with our clients as the most important part of our job. We want to know who our clients are when they're at home. How they live and move in a space. What works for them, what doesn't. Their needs, goals and dreams.

Then we work closely with each client, from concept to completion. We listen. We guide and advise. We discuss and check-in. We answer as many questions as it takes to move to the next step. And we fine-tune to get it just right. We're there for the nerves, doubts and occasional indecision. And we're there for the small victories and reveal excitement. And even when it's done, we'll still be there to make sure everything remains as it should be, and that our clients are happy.

We know that by truly connecting with our clients right from the start, we're trusted to deliver a beautiful, quality product they can't live without. We believe it's what sets us apart.

We make it personal.

K

KITCHEN / cucina

The kitchen is more than just a place to prepare meals. It's a space filled with love and laughter, family huddles and friendly banter, it's where we meet, mingle and make food, memories and merriment. The kitchen is good for the mind, body and soul.

Our kitchens are designed to enrich these moments. We're just as passionate about the balance of form and function as we are about the exceptional quality and standards of the Italian kitchens we install.

The heart of the home.

W

WARDROBE / armadio

We work closely with our clients to create the wardrobes and dressing rooms of their dreams. From designs with sliding or hinged doors to on-trend open options, we create wardrobes that work well and blend beautifully into the style of a home. All with Italian quality, state-of-the-art engineering, elegant functionality and considered design.

Fashion meets function.

B

BATHROOMS / bagno

We believe that bathrooms and dressing areas should be a sanctuary, not an afterthought. We love the sophisticated simplicity of Berloni Bagno's range of vanities; pieces made of quality water-resistant materials and designed to last over time. And we love making your me-time beautiful.

Start and end your day right.

L

LIVING / vivente

Open plan living is more than an arrangement; it's a feeling. A freedom to move, a lightness, a way to share space and connect with whoever we're with, whatever we might be doing.

We create bookshelves and display units for living spaces that are an elegant extension of a kitchen's style to make open plan living feel cohesive and cosy.

Perfect for living.

**A living space
to love.**

D

DOORS / porte

We like to look at doors – really look at them. Doors are not only functional, but like art, can be the most important harmonising element of a room.

They are often the most overlooked design opportunity in a home, but when executed with thought and care, beautiful doors can make the biggest statement.

From classic designs, to modern glass sliders, our crafted Italian internal doors are works of art that will elevate your space to the unique and extraordinary.

Interact with art, everyday.

P

PROJECTS / progetti

Lusso has selected to partner with Italian manufacturers that are perfectly positioned to deliver consistent quality for large projects.

With over 50 years' experience producing cabinetry for export to more than 60 countries, our factories use the most modern manufacturing systems in the furniture sector. Production is completely digital and fully automated to ensure superior quality from unit 1 to unit 1000.

Not only can we produce over 200 cabinetry sets per work shift with absolute precision and detail, but our logistics systems support the warehousing and transport of project joinery worldwide.

Installation teams are trained and ready to deploy on projects of scale anywhere within South Africa or its neighbouring regions.

Lusso is your ideal partner for staged, larger projects.

H

HOW / come

Renovating can be just as overwhelming as it is exciting. So many moving parts. So many decisions to be made. We hope that knowing a little more about how we work will help to make the very first decision of who to partner with easier.

1. We get to know our clients. We listen to all that is needed and wanted. Budget etc.
2. We get to work. We conceptualise the space, the fixtures, features and function. Then we collaborate and fine-tune the design until it's perfect.
3. We send the design to our Partners in Italy where it will be manufactured to their exacting standards.
4. Once ready, all the parts will be shipped to South Africa.
5. Our installation team arrives to bring design to life.

Throughout this process, we never stop communicating, checking in and updating on the progress of the project from start to finish.

We've got you, every step of the way.

A

APPLIANCES / elettrodomestici

We get that there are many moving parts when it comes to kitchen installations. So we've partnered with Smeg, Liebherr and BSH (Bosch, Siemens, Gaggenau) to bring design excellence, technical innovation and style as a seamless solution to complete every kitchen.

More than just joinery.

P

PARTNERSHIPS / associazione

We're proud to bring these highly respected Italian brands to South Africa: Stosa, Elmar, Berloni Bagno, JESSE, Alf, Santa Lucia and AdattoCasa.

Lusso also has key service partners namely, Studio Masson, Vicostone, Ceasarstone, NEOLITH and many more. We take pride in our stone installations done by the great team at Stonehenge run by Dave Van Tonder.

T

TESTIMONIALS / testimoniale

We like to think that every kitchen completed and joinery project finalised speaks for itself. At the end of the day, we believe that our success can only be measured by what our clients have to say.

Don't only take our word for it.

"The Lusso team was pro-active from day one. They didn't just add valuable design input but also their endless effort and time on our joint concept presentation."

Liesel, DG2 Interior Design & Consulting

"It was a pleasure to work with the Lusso team; Robyn and Dom interpreted what I wanted very well. They took our project seriously without being over prescriptive

Helen, Private residence

"The quality of the product and the knowledge both Robyn and Dom have about kitchen and joinery design is excellent. The whole experience was seamless and easy."

Alexa, Private residence

"A beautiful and quality product, excellent service and competitive pricing. A great experience."

Fanie, Private residence

We'd love to collaborate with you
